COMMENTS FROM THE TOWN MANAGER'S OFFICE

The bridge on the road near Hazen Lowell's has been giving trouble for several years. During high water it would float away. Extra support has been added in the past by placing posts under the stringers to offset the increasing weakness of the bridge abutments. Last December one abutment partially washed out. Temporary repairs were made so that the bridge would stay in place until this spring. Recently a culvert 6 feet by 24 feet was delivered and has been installed. The road level has not been raised, therefore the same problem of a flooded road will still be with us during high water on the Androscoggin River. The appropriation made at the last town meeting called for just replacing the bridge. No funds were provided to change the highway grade.

It is not too late to register for the Primary Election to be held next Monday. Registrations will be accepted right through election day. The polls will open at 10:00 a. m. and close at 7:00 p. m. daylight time. The voting will take place at the Community Room.

The new International truck that was purchased from the Carter Equipment Company was delivered last week. This truck replaced the 1954 Chevrolet, which was traded in. The truck has a new three yard body which can be built up to four yards.

Sincerely,
Harold L. Bean

A record number of parents, alumni and friends of Gould Academy assembled for Commencement Exercises over the past week end.

Class Day was held on Friday and featured a skit written and produced under the supervision of class members and depicting the various activities of the Class of 1953 in the life of the school. At the conclusion of this presentation the class sang its ode, the words for which were written by Constance Chase, Pat Kittredge, and Betty Lou York. Following the Class Day program, Headmaster Elwood Ireland and Associate Headmaster Edmond J. Vachon made the awards to the seniors and underclassmen, which will be listed in the Citizen next week.

The class gift consisting of an American and State of Maine flag was presented by the president, Alan Ordway, and gratefully accepted by the Headmaster for the school.

Following the morning exercises, another enjoyable picnic was held at Thompson Lake in Otisfield. The senior classes of the past several years have been fortunate to have had the use of facilities provided by Mr. and Mrs. Frank E. Bean, whose daughter is a Gould graduate.

The Annual Luncheon was held in William Bingham Gymnasium at 12:30 p. m. As a special feature of the occasion Leslie Davis presiding, introduced Dr. Sidney W. Davidson, President of the Board of Trustees. Dr. Davidson extended greetings for all members of the Board and expressed gratification for a letter received by him from members of a Bethel town committee appointed to study the provisions of the State Law as it pertained to Bethel. Dr. Davidson

extended his greetings to the class of 1953 and then read citations and presented authentic Paul Revere Silver Bowls to the three members of the Gould faculty who have completed at least 25 years of service to the Academy.

Mrs. Winifred Bartlett of Bethel was introduced as a graduate in the class of 1897 celebrating her 61st anniversary.

Group singing was under the direction of Headmaster Elwood F. Ireland with piano accompaniment by Mrs. Doris Lord '20. Entertainment was furnished by Philip Gagnon of the Gould faculty who rendered two baritone solos and by William Taillon who played two selections on his percussion instruments. Dawn Christle '53 was the able accompanist.

In the ball game played on Alumni Field at 5 p. m., the Academy boys emerged victorious over the alumni group by a score of 2-1. Many of the guests enjoyed tea and coffee at the Headmaster's Home from 4 to 5:30 p. m. The final event of the day was the Commencement Ball at 8 p. m. in William Bingham Gymnasium. LETTERS TO THE EDITOR

To the Editor:

People in the Skillington area are glad to see some work done in the cemetery in our neighborhood but some of the work done is not so pleasing. For instance, where grave markers have been pulled from the ground (where they were set 8 or 9 inches deep) and thrown away. Just what is the purpose of such destruction as this? Also the corner boundary stones have been removed—why? After the burning over and growth of new grass, it does look better but why throw away grave markers that have been set for years? Some of them were the only sure sign that a person was buried there. These things, those of us interested, cannot understand of our Town Fathers.

Keene Teachers College Pays Tribute

Mrs. Marion Frost Hudson passed away suddenly on April 24 in Boston, while on her way to visit her aunt, Mrs. F. L. Edwards of Bethel. She was the wife of Percy A. Hudson of Keene, N. H., where she had been a member of the faculty of Keene Teachers College for 24 years. She was born in Bethel, the daughter of Albert C. and Minnie Holt Frost, graduating from Gould Academy in 1915.

The following tribute by Dean H. Dwight Carlo of the College was given at a service in her remembrance on May 7.

I am very happy to speak to you this morning on behalf of the faculty, about our friend, Marion Hudson.

I remember Marion Hudson as a young lady of 23. She and Percy used my house as rendezvous during their courtship. To my children she was Aunt Marion. One recently commented that she was more of an aunt than any of their relatives.

Marion Frost Hudson was born in Bethel, Maine. Bethel is a beautiful town in the foothills of Mt. Washington, Adams, and Jefferson. She had the friendly, homey atmosphere of the small town.

Dress by Master Richard Stevens; Singing of carols; after by assistant students; placing flowers on altar by the guests; 23rd psalm by Charles Hancock; song—My Faith Looks Up to Thee—Mrs. Olyvia Foster; poem—Glow Them the Flowers Now—by Peter Haines; Lord's Prayer by all; Putting out the candles by the assistant students.

Miss Ruth Stevens received a pin for winning the subordinate Highway Safety Contest. It was decided to have an attendance contest between the women and men. The mystery package was won by Alvin Stevens. The next meeting will be Youth Night. Roy Ward will be present for inspection.

CARD OF THANKS

To all my friends in and around Bethel I wish to express my sincere thanks for their acts of sympathy at the time of my sorrow.

town. She knew everybody and greeted them with a pleasant good morning.

Small towns develop their own pleasures and activities. Marion belonged to the Women's Club and the Fortnightly Club. She was not a joiner but a worker, and every organization that she joined was better because of her membership. She was not just a Sunday-go-meeting Unitarian. She was a faithful worker and a conscientious member. She worked in the Sunday School and with young people. Dr. Parker once said, "She is not just a pillar of the church, but part of the foundation."

Marion always did her part and a great deal more. We see this in her work here at the college. We will miss the patter of her feet as she hurried from Parker Hall to Hale Building. We will miss the superior book exhibits in the library. We will miss her happy greeting in the faculty room.

She has done so many things it is hard to pick out one outstanding accomplishment. Probably one of the finest is the English club she sponsored. It was not an ordinary college club. They didn't meet in the classroom, but in her home, and during the last few years in the homes of the faculty. The club was hers, the meetings formal, flowers always present, a bite to eat, educational, and of tremendous value to the students.

She loved teaching. Probably her children's literature was her greatest joy. It was really something to see her surrounded by little children, and all of them looking up to her, anxious to get every word.

Marion was the type of teacher that many students discussed after they graduated. As they looked back over their college life, they

realized she gave them something more than just her subject. She gave them something of herself.

Her teaching extended beyond the classroom into her home, to her life, her thoughts, her ideals. Boys used to come to me and say they wanted to earn a little money to go to a fraternity dance. I would ask Mrs. Hudson if she had a little work. Marion would say no, but send them over. She had two girls working every night in her home. She didn't need two girls. She had no children of her own; she enjoyed helping other young people to get their college education.

Marion Hudson liked nice things. Her beautiful home is Marion Hudson. The grass is always green, the spruce tree is a little taller and better shaped. She had a herb garden in back of the house she

conferred upon her the Bachelor of Education degree, and Keene Teachers College became her Alma Mater.

Yes, Marion has left us, but that part of her that she gave to others is still a living force in every school house where her students are teaching and in every home which they are making. Good deeds live on and on and on.

Marion Frost Hudson is living on and on and on.

played with. Her crowning job was an apple tree she planted by the back door. Often she would bring some of her apples over to the house. They wouldn't be dropped in a paper bag but put on a nice dish, the apples polished, they were not just apples.

Her library was filled with fine books. Her comment was that there were too many fine books and lovely stories to read, rather than waste your time on cheap and sordid material. In many ways she was a perfectionist.

Marion Hudson went to Castine Normal School. She was a fine student. I would like to say this to Dr. Young. One of the happiest moments of her life was when you

conferred upon her the Bachelor of Education degree, and Keene Teachers College became her Alma Mater.

Yes, Marion has left us, but that part of her that she gave to others is still a living force in every school house where her students are teaching and in every home which they are making. Good deeds live on and on and on.

DRIVE IT ONCE...
*You'll tell us
how easy it handles!*

The world's most complete truck line—1 to 96,000 lbs. GVW.

Everyone who drives a new International cab forward
model tells us how easy it is to maneuver.

Would you give it your own personal maneuvering test?
Note how nimble this International Truck is... in traffic,
or on the road. Reason? The short cab and the way IH
designed it. Only 89 inches long, bumper-to-back-of-cab!

That short dimension not only gives better maneuver-
ability—it allows more payload in back. Yet the cab is full-
size—doors and all. Nothing cramped about it.

Like all International Trucks, this cab forward model
costs least to own.

Come in and drive a new International cab forward
yourself. Then you tell us how good it is!

INTERNATIONAL TRUCKS cost least to own!
